SOFTWARE/TECHNOLOGY

I'm skilled at using Microsoft Office 365 Word, Publisher, PaintShop Pro, Procreate, WordPress, Nitro PDF Pro; I have some experience with PowerPoint, Excel, Access, and other software. Google Docs, QuickBooks (a bit), and other graphic and photo editing software. YouTube, Facebook, Instagram, LinkedIn, MailChimp, Dropbox and Evernote.

Because I have been doing graphic and web design and desktop publishing on a relatively small (i.e. low budget) scale, some of the software I have used is comparable to what is considered by some people to be 'the gold standard' for professionals but did not cost as much. For example, I am an expert at using

PaintShop Pro and it has many of the same features as Photoshop which I have used a bit, but the controls are different: I can get to the same places but the process is somewhat different - much like getting to the same destination via a Ford or a Lincoln. Similarly, I am an expert at using Publisher but not InDesign, and Dropbox rather than SharePoint.

COMMUNITY INVOLVEMENT

I have consulted with many nonprofit organizations, businesses, and people in the arts on the use of media and technology for communication, public relations and research. 1996-present

Washington State Harassment, Intimidation and Bullying Work Group - 9/2011 – 8/2015

I represented Safe Schools Coalition as a member of this work group on school bullying and harassment prevention created by the state Legislature and led by the state Office of the Superintendent of Public Instruction and the Office of the Education Ombudsman. Working to develop, recommend, and implement strategies to improve school climate and create respectful learning environments in all K-12 public schools in Washington. Meetings are in person, via conference calls, and using shared Google Docs. <http://www.k12.wa.us/safetycenter/BullyingHarassment/WorkGroup.aspx>

Families United Against Hate (FUAH) - 2001 to 2019

Co-founder, board president and website designer of this grassroots nonprofit organization created by and for families and survivors of hate motivated violence. FUAH provides support and guidance to individuals; biological, extended and chosen families; and communities dealing with incidents based on bias of real or perceived identifiable characteristics or circumstances, or because of an affiliation with people with those characteristics or circumstances — including but not limited to: race, color, religion, ethnicity, national origin, sexual orientation, gender identity and expression, disability, gender, socio-economic status/homelessness — and to the people, organizations and agencies who serve and support them. Researched, wrote and designed the handout "Reasons Someone May Be a Victim of Bias-Based Incidents ~ A Model for Coalition Building."

PFLAG-Olympia -1995 - present

Active member of this family-based organization that promotes the health, well-being and civil rights of gay, lesbian, bisexual and transgender persons, their families and friends.

- PFLAG-Olympia – board member 2000 - 2002, 2003 - 2006, and 2008 - 2012
- PFLAG-Talk and PFLAG-Discuss – email list assistant 1997 - 8/2002
- In 2002 when the chapter received a grant to do outreach and publicity, I worked with another board member to design a billboard we then had up in three locations in Thurston County.
- While a board member I persuaded the board of PFLAG-Olympia to apply for a pilot project grant from PFLAG National in 2009 with the agreement that I would be the project manager, working in collaboration with other members and allies. I worked with the West Region Field & Policy Manager from the national office to plan and implement a training of our members on diversity and outreach. I ordered the film "Brother Outsider," arranged screenings in area high schools and colleges, organized speaker panels, and contacted local media with press releases to publicize the events. I researched and created a 20-page resource packet, "Celebrating Black History Month and Remembering Bayard Rustin." I contacted the library and arranged for copies of the film to be donated by the PFLAG chapter. I worked with the chapter treasurer and other members of the board to evaluate and report back to the national office about the impact of the project. I remain an active member now that I am not on the board.

PFLAG National – Member, national advisory committee for the "Our House to the School House" safe schools campaign. <http://www.pflag.org/> - 3/2000 to 2/2003

RECOMMENDATIONS

"Gabi is absolutely one of the most passionate, involved people I've ever had the privilege of meeting. She is devoted heart and soul to her work and exemplifies healing through courage and action. She and I served together on the Safe Schools Coalition working for GLBTQ youth safety in the schools of Washington State. Gabi is a loving, tireless, committed, intelligent person who truly "gets it." I enjoyed working with her, and I have enjoyed her support and friendship through our different work now in different areas. Gabi is most certainly one of the most important people you could have a chance to work with. I recommend her wholeheartedly for anything she comes across!" ~ Kristin Funk-Wagoner, LCSW, LCAC

"Meet the best webspinner in the Movement." ~ Beth Reis, Safe Schools Coalition co-chair.

"Without qualification I heartily recommend the folks at Mud Flat Press. Alec and Gabi Clayton combine an invaluable set of publishing skills from multiple perspectives: author, editor, graphic designer, computer skills and literary insights. It has been a great pleasure to have their gentle guidance through the publication process of my first book." ~ John Knold, PhD

"Since she never exhibited in galleries and since there is a cartoonish look to much of her art, and since for decades she was known as a counselor, activist, and the wife of a painter/art critic, few people think of her as a "real artist."

But boy-oh-boy is she ever! Gabi's art is the real deal.

Most of her work is figurative, picturing distorted and often comical images of animals and people, sometimes combined with words, and less frequently purely abstract paintings with pixels. There is ample historic precedence for such work. First to come to mind are The Hairy Who, and the Chicago Imagists: Jim Nutt, Ed Paschke, Gladys Nilsson; the great Phillip Guston, drawings by Saul Steinberg, and the painted poems of Kenneth Patchen, whom she acknowledges as an early and continuing influence." ~ Alec Clayton, *Gabi's Art is the Real Deal* - January 9, 2023:
